

Silen is looking for a

# Project Manager

**As a Project Manager at Silen, you will be responsible** for handling sales orders, coordinating with production, and aligning deadlines. You will also manage global customer communications and oversee installation processes. In addition to standard projects, you will lead custom projects in close collaboration with the development team and constructors. Since our production volumes are continuously growing, you will familiarize yourself with Silen's technical solutions and existing processes, identifying opportunities for improvement.

## You're a fit for our team if you

- Have experience as a Project Manager or Technical Sales Engineer, ideally in an export-oriented manufacturing company (e.g., furniture or house construction)
- Have a strong technical background and can read technical drawings
- Have used ERP software
- Are a confident communicator, solution-oriented, and very organized
- Speak fluent Estonian and English (German is a plus)

## What awaits you in Silen?

- An inspiring and innovative team that shares the philosophy „everything is possible“
- An exciting, international, and constantly evolving field
- An exceptional opportunity to be part of a global success story – Silen's products are sold in 60 countries, and the company continues to grow, offering a unique platform for professional and personal development
- And naturally, a fair remuneration that reflects your contribution
