

Silen Space Call

Personal escape pod

When you need focus on a call, office noise doesn't help. And your call can distract others nearby. Escape to the pod for silence and privacy.

Timeless design excellence

A precise blend of engineering quality and top-level design expertise. Light, refined, and created to fit naturally into any environment.

Ultimate two-way privacy

Premium level noise reduction that provides complete acoustic privacy in both directions.

Comfort perfected

Airflow that exceeds office standards, advanced ventilation and EchoFree Gen 2 acoustics. Ergonomic furniture, preset lighting modes, full personal control.

Flexibility redefined

A lighter structure, compact modules, fast and easy assembly, easy relocation, and long-lasting durability. Built to adapt as needs change.

Endless customization

Silen Dynamics allows both interior and exterior finishes to be easily swapped. Furniture is replaceable, accessories can be added later, and pods stay fresh for years.

Sustainability at the core

Responsible materials, high recyclability, reduced emissions, and a structure designed for more than 20 years of renewability and circular use.

MEASUREMENTS

Exterior size (W×D×H)	110 × 110 × 228 cm / 43.3 × 43.3 × 89.8 in
Interior size (W×D×H)	95 × 105 × 208 cm / 37.4 × 41.3 × 81.9 in
Weight (net)	325 kg / 720 lb

MATERIALS

Exterior	Metal sheet with sand-structured powder coating. Fixed with magnets and easily exchangeable.
Trims	Black powder-coated aluminium
Interior (walls and ceiling)	EchoFree 2.0 non-woven felt panel covered with Camira RePlay Zero textile (flammability Class B, s1, d0)
Floor carpet	Carpet for public spaces, EN 1307. Flammability Bfl-s1
Glass	12mm Sound Control laminated safety glass.
Walls and structure	Sandwich element and structure of aluminium, birch plywood, rubber mat and isolation materials

TECHNICAL FEATURES

Door handedness	Right- or left-handed door
Adjustable glides	Levelling from inside the booth
Casters	Patented hidden caster system enables smooth installation and effortless relocation. Casters are easily activated from inside the pod.
Sprinkler and fire alarm	Built in readiness to install sprinkler, fire alarm or stand-alone fire suppression system

TECHNOLOGY

Ventilation	Automatic low energy-consumption air circulation system with boost mode.
General light	Dimmable automatic task and ambient LED lights with preset modes to ensure sufficient and proper lighting for various tasks. Light temperature 2700-5000K
Control Panel	Integrated Control Panel for dimming lights, ventilation and other functions of the booth
Occupancy Light	Automatic occupancy notification light outside of the pod, controlled by presence sensor
Power outlet	<ul style="list-style-type: none"> • 1x Power (110-230V) + 1x USB A & C (18 W) with optional CAT6 socket on the wall • Possibility to add and retrofit up to 3 sockets on the wall
Power cord	4 m long cord, connection either from the top or bottom of the pod (can be chosen during installation)

FURNITURE AND EXTRAS

Fixed height table	<p>Integrated wall mounted table Height either 75 cm or 105 cm (can be chosen during installation) Tabletop size 80 x 30 cm</p> <p>Acoustic Panel and video-conferencing equipment options:</p> <ul style="list-style-type: none"> - Decorative Acoustic Panel - Acoustic Panel with face lights - Acoustic Panel with screen bracket - Acoustic Panel with face lights & screen bracket - No Acoustic Panel and table bracket remains visible
Height adjustable table	<p>Integrated electrically height adjustable table with Acoustic Panel Height adjustable between 70 - 120 cm Tabletop size 80 x 30 cm</p> <p>Acoustic Panel and video-conferencing equipment options:</p> <ul style="list-style-type: none"> - Decorative Acoustic Panel - Acoustic Panel with face lights - Acoustic Panel with screen bracket - Acoustic Panel with face lights & screen bracket
Seating options	<ul style="list-style-type: none"> • Height adjustable and swivelling integrated stool with footrest, adjustable between 55 - 82 cm • No integrated stool
Seismic kit	Optional seismic kit for anchoring booth to the floor
Ventilation inlet filter	Filter which can be mounted on top of the fan to create a cleaner environment inside the booth
Frosted glass	Frosted film between glasses. Cannot be removed or retrofitted

CERTIFICATION

Sound reduction	Certification in process
General safety	GS-mark in process / UL962 in process
Electrical safety	CE-mark / UL962 is in process
Emissions	Indoor Advantage™ Gold certified by SCS Global Services
Flammability	Certification in process
Sustainability	Design-Phase EPD in process
Recyclability	Design-Phase EPD in process
